### Tips for Care

- Helium-filled Mylars float for 1-4 weeks. Latex Balloons will float for 6-10 hours.
- Temperature affects helium filled balloons. If too **COLD**, they will deflate. If too **HOT**, they will expand and burst.
- Never release mylar balloon outdoors as they may damage electrical lines & the environment.

**NO REFUNDS**

Order taken by: \_\_\_\_\_ Date / Time: \_\_\_\_\_
